

Ladies and Gentlemen:

I do not want New Jersey's Do Not Call law overturned. I do not answer the telephone immediately because the sales calls are so annoying. They also come at odd times of the day/evening.

What makes the calls so especially annoying is that my number is supposed to be unlisted. The calls are like junk email or annoying spam.

I would appreciate New Jersey's Do Not Call law being kept as it is.

Sincerely,

Thom Wooten
